### LETTER OF RECOMMENDATION

I feel privileged to recommend my student, **Mr. S. Aswath**, who pursued the Bachelor's degree in Automobile Engineering at our college. During his four-year journey, I taught him 'Automotive Electronics' and 'Automotive Embedded Systems'. Despite pandemic challenges, Mr. Aswath demonstrated resilience and a passion for practical knowledge by actively participating in our Electronics Lab.

In my role as the Head of the Electronics Lab, I closely observed his exceptional technical skills and attention to detail. To put his skills to the test, I assigned him projects like the 'Spoilt Fruit Detector' and 'Coconut Counter', which involved complex software-based tasks. He approached these projects with unwavering commitment and excellence.

Beyond our college, Mr. Aswath actively engaged in external competitions. In the 'Disenyo PCB Challenge 2021', he secured fourth place, showcasing his technical prowess. His participation in the 'KPIT Sparkle Competition 2021', where he worked on the 'Intelligent Safety Car Door Locking System', demonstrated his innovative thinking. His dedication and talent were truly exceptional.

He also gave back to his academic community by teaching a class on the 'KICAD' Printed Circuit Board design tool, showcasing his leadership and commitment to his peers' academic growth.

As his final year project guide, I witnessed his remarkable problem-solving abilities and unwavering determination. His project, 'Zone Based ECU Concept using CAN Protocol', reflects his innovative thinking and practical skills. This project has impressed BOSCH officials and is in preparation for paper publication.

In conclusion, I wholeheartedly recommend Mr. S. Aswath for admission to your esteemed university. His academic excellence, technical skills, innovation, and dedication make him an outstanding candidate. I am confident he will continue to excel and positively contribute to your academic community. I wish him the best in all his future endeavours.

### LETTER OF RECOMMENDATION

I am pleased to provide this letter of recommendation for **Mr. S. Aswath**, who is aspiring to pursue his master's degree at your esteemed University. I have had the privilege of knowing Mr. Aswath for the past four years during his undergraduate studies.

In my interactions with him, I have consistently found him to be well-mannered and a highly passionate student who always maintains a cheerful demeanour. He has demonstrated exceptional dedication not only to his academic pursuits but also to a wide range of co-curricular activities. He has maintained an impressive academic record with a Cumulative Grade Point Average (CGPA) of 8.46 out of 10, reflecting his commitment to his studies.

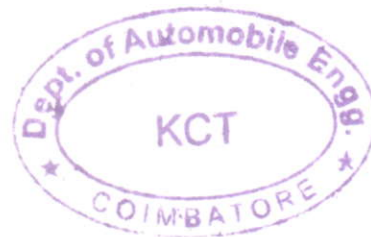

He collaborated closely with our esteemed professor, Mr. A. Prabakaran, who guided him throughout his final year project 'Zone Based ECU Concept using CAN Protocol', which ultimately earned him the 'Best Project Award'. Furthermore, he was part of the research forum 'KCIRI', where he contributed to the software domain of the product 'Autonomous Explosive Handling Vehicle'.

In my assessment, Mr. Aswath stands out as one of the top 10% of students in terms of dedication, hard work, and discipline in fulfilling his responsibilities. His unwavering commitment to excellence in both academics and co-curricular activities is truly commendable. With his impressive track record and a strong desire to excel, I have no doubt that he will be a valuable addition to your esteemed University.

With full dedication, I recommend Mr. S. Aswath and believe that he will excel and contribute positively in all areas of expertise at your institution. If you require any further information or have any questions regarding this recommendation, please do not hesitate to contact me.
